At the Same Time

Hindi Zahra

Here comes the time
For my heart to heal the past
From now and then
There will be the good and the best
Oh when your eyes and mine
Can see the same
Our love could last
Should i follow you?Yes i remember flowers
Sent in blue skies
And you with your sweet smile
With your sweet smile
Holding me tightYou told me give your self away
And i would buy yourself
Knowing that your touch could heal my heart
I should die
I should die in your arms right now
And give it all
Give it all to youYou're my precious memory
I'm getting down on my knees
All that I've got is love for you
I should die
I should die in your arms
Oh, love is so beautiful and cruel at the same time
At the same time, at the same time
Oh your love is beautiful and cruel at the same time good at the same time
