

If It Don't Take Two

Shania Twain

It takes two to tango
And two lips to steal a kiss
But a flame and a candle
Won't burn on a night like this
Yeah, it don't take two It takes two to go one way
And two winds to be strong enough
But you can't sail on a still day
Like two ships on a sea of love
Yeah, it don't take two Noah knew what he had to do
Ooh oh yeah
He sent us out in the world walkin' two by two oh (If it don't take two)
If it don't take two
(If it don't take two)
If I'm not with you
No it ain't worth goin' through
If it don't take two It takes two hearts with one beat
And it takes two to say I do
But the champagne won't taste sweet
And the dream just won't come true
Yeah, if it don't take two Noah knew what he had to do, oh yeah
He sent us out in the world walkin' two by two, me and you (If it don't take two)
If it don't take two
(If it don't take two)
If I'm not with you
No it ain't worth goin' through
If it don't take two Oh, he sent us out in the world walkin' two by two
Me and you
Baby If it don't take two
(If it don't take two)
If I'm not with you
No it ain't worth goin' through
If it don't take two No, it don't take two
(If it don't take two)
If it don't take two
(If it don't take two)
No it ain't worth goin' through
If it don't take two If it don't take two
(If it don't take two)
If I'm not with you

No it ain't worth goin' through
(If it don't take two)
If it don't take two
(If it don't take two)
