Come Down Easy

Spacemen 3

Daytime run away
Night times seem so long
I'm all right in the sunshine
But the evenings let me downIt sure is good to see you now
I'm really glad you came
And I would tell you what I need
But it never feels the sameSo, come down easy
Let it come down slow
I've been alone so long
That I just don't know what to do
And I don't want to lose youHow my life slips away
How the time goes by
And I know I belong here
Yes, I know, though I don't know whyRiding along with a friend of mine
Got enough space, got enough time
Pieces of fruit and glasses of wine
And love comes in the summertime
And I don't want to lose youGod bless the children
God bless us all
We are the children of Paradise
On our own now since the fallAll the things that are worth having
Are never ours to keep
Still I can see today could be
A good time for you and meIf you come down easy
Let it come down slow
I've been alone so long
That I just don't know, what to do
And I don't want to lose youCome down easy
Let it come down slow
Come down easy
Come down easy
Come down easy
