Friends Will Be Friends

The New Synthesizer Experience

Another red letter day

So the pound has dropped and the children are creating

The other half ran away

Taking all the cash and leaving you with the lumber

Got a pain in the chest

Doctors on strike what you need is a rest

It's not easy love, but you've got friends you can trust
Friends will be friends
When you're in need of love they give you care and attention
Friends will be friends
When you're through with life and all hope is lost
Hold out your hand 'cos friends will be friends - right till the end

Now it's a beautiful day

The postman delivered a letter from your lover

Only a 'phone call away

You tried to track him down but somebody stole his number

As a matter of fact

You're getting used to life without him in your way

It's so easy now, 'cos you got friends you can trust
Friends will be friends
When you're in need of love they give you care and attention
Friends will be friends
When you're through with life and all hope is lost
Hold out your hand 'cos friends will be friends - right till the end

It's so easy now, 'cos you got friends you can trust
Friends will be friends
When you're in need of love they give you care and attention
Friends will be friends
When you're through with life and all hope is lost
Hold out your hand - friends will be friends - right till the end

Friends will be friends
When you're in need of love they give you care and attention
Friends will be friends
When you're through with life and all hope is lost
Hold out your hand 'cos right till the end - friends will be friends

Yeah yeah
