Greater Than the Sun

Advisory - the following lyrics contain explicit language:

Ladies and gentlemen, lights are going out
Lets step outside and watch the city sleepListen and remember, wait another day
We are explorers, far away from home
Stay for just a moment watch the natives dance
Be civilized and kiss the pretty brideBrothers and sisters, the pain is gone for now
Lets burn our books and find a little peace
Sooner or later, we walk another day
We are colliders everywhere we goStay for just a car-crash know your heart is weak
Be primitive and wave your love goodbyeLadies and gentlemen, lights are going out
Lets step outside and watch the city sleep
And watch the city sleepPreachers and sinners, we are all the same
Lets save ourselves and drink from deeper wells
Hatred and compassion wail against the walls
We are invaders, trying to escapeFight for just a lifetime, count the moments lost
Be so alive and cry as time goes byLadies and gentlemen, lights are going out
Lets step outside and watch the city sleep
And watch the city sleepLadies and gentlemen, lights are going out
Lets step outside and watch the city sleep
And watch the city sleep
And watch the city sleepGreater than the sun
Greater than the sun
Greater than the sun
We are greater than the sunGreater than the sun
Greater than the sun
Greater than the sun
We are greater than the sunGreater than the sun
Greater than the sun
Greater than the sun
We are greater than the sun
