

# Come Closer

## Dirty Pretty Things

Hails to the chancers  
As boredom kills like cancer  
We need dreams  
For the romancers  
And I'm looking to you Well, the life's so lonely  
I need my one and only  
If you know love  
Come on and show me  
Now, I'm looking to you Well, come closer, come closer  
Come closer, come closer, come closer  
My resistance is low  
Come closer, come closer  
Come closer, come closer, come closer  
I'm not letting you go Had love and I set it free  
But it never came back to me  
Now the skies have gone ugly  
From Bolton to rugby  
As I'm looking for you Oh come closer, come closer  
Come closer, come closer, come closer  
My resistance is low  
Don't pay mind to them  
You're most beautiful when you don't bother  
So just let it go Hit the piper, I'll feed the rat  
And I won't mind, I won't mind  
Smash the campus and burn the maps  
I guess we'll be fine  
You loved and you are able  
Shall we write that on your grave Come closer, come closer  
Come closer, come closer, come closer  
My resistance is low  
Don't pay mind to them  
You're most beautiful when you don't bother  
So just let it go
