

Close to You

New Kids On the Block

La la la la la la
La la la la la la I know it's hard (I know it's hard)
To see me go (to see me go)
To see me standing, yeah, so close to the door
I know it's hard when I'm far away
But I promise you when I get back, I'll stay (I'll stay) Close to your hands
Close to your legs
Close to the way your body fits on the bed
Close to your hips
Close to your lips
Close to the only one that I can't resist
Close to your laugh
Close to your words
Giving you everything I know you deserve
Close to you, baby
Close to your world
Close to you La la la la la la
La la la la la la Baby, turn off that frown (turn off that frown)
Wipe off your face (wipe off that face)
You know I'm weak to it (so weak)
And you're making me late
Turn off that frown and come over here (won't ya come over)
I'm gonna say this like I did before
Gonna make it crystal clear when I'm Close to your hands
Close to your legs
Close to the way your body fits on the bed
Close to your hips
Close to your lips
Close to the only one that I can't resist
Close to your laugh
Close to your words
Giving you everything I know you deserve
Close to you, baby
Close to your world
Close to you I'll be counting down the days
With a picture of your face in my heart
Before you know it I'll be there
Touching you in ways, so close that I'll erase the time apart
So close to you, girl Close to your hands

Close to your legs
Close to the way your body fits on the bed
Close to your hips
Close to your lips
Close to the only one that I can't resist
Close to your laugh
Close to your words
Giving you everything I know you deserve
Close to you, baby (close to you, baby)
Close to your world
I'll always be close to youLa la la la la la
La la la la la la
