

Define This

Stereomud

You have a fear of living not me
I will not take anything for granted
Not even the breath I breathe
Makes me feel alive still I can't describe
What is happening, determined to run but I'm crawling
I'm crawling down You cannot define this
There is nothing else like it The addictions here make no mistake
I will not take anything for granted
With every step I take, makes me feel alive
Still I feel the further I go I'm determined to run but I'm crawling
I'm crawling down You cannot define this
There is nothing else like it, no no
You cannot define this
There is nothing else like it It's how you react
No it's not what you say
You're running from nothing
You're running away You cannot define this
There is nothing else like it, no no
You cannot define this
There is nothing else like it Cannot define this
