Define This

Stereomud

You have a fear of living not me I will not take anything for granted Not even the breath I breathe Makes me feel alive still I can't describe What is happening, determined to run butI'm crawling I'm crawling downYou cannot define this There is nothing else like itThe addictions here make no mistake I will not take anything for granted With every step I take, makes me feel alive Still I feel the further I go I'm determined to run butI'm crawling I'm crawling downYou cannot define this There is nothing else like it, no no You cannot define this There is nothing else like itIt's how you react No it's not what you say You're running from nothing You're running awayYou cannot define this There is nothing else like it, no no You cannot define this There is nothing else like itCannot define this
