Masquerade

Kenny Holland

This isn't a masquerade or a promenade
So why am I living this way
I'm not looking for afraid
This isn't Halloween night
I can't find the words
To say what I need to say

Cause this mask that I'm wearing isn't right for me
I can't shake these feelings anymore
If you were here
I don't know what I would do
Cause everytime I feel I'm standing on my feet
I end up falling to the floor

Hmmmm

And so I've been taking time
To clean my mind
I need this for myself
It's like a cheap kind of tape
I'm sick of being fake
I'm lost at sea come rescue me
Can anybody help

Cause this mask that I'm wearing isn't right for me
I can't shake these feelings anymore
If you were here
I don't know what I would do
Cause everytime I feel I'm standing on my feet
Walk a little farther
Don't stop now
Try a little harder
we can make it somehow
Keep on climbing
Up your slope
Keep on shining
There's always hope
There's always hope
There's always hope

There's always hope

There's always hope
There's always hope
There's always hope
There's always hope
