Tatanka

Tatanka

Seven seas, seven skies
Lightning strikes and brave men die
Tatanka great, Tatanka small
When darkness comes, they kill them all, Tatanka
You take what you want but you don't ask
You're future doesn't lie with things of the past
The search for freedom will never be found
As long as we stand upon this sacred ground
The curse of the curses upon the land
One day Tatanka will make a stand
Take back the soul of mother nature
Give back the spirit of a world endangered
Tatanka comes, stand and deliver
The souls of the brave lie on forever
The tale of tears is a tale of courage
Tatanka comes from across the river
Tatanka comes, stand and deliver
The souls of the brave lie on forever
The tale of tears is a tale of courage
Tatanka comes from across the river
The battles were fought and the damage was done
The war's not over, it's just begun
The debt that's owed will never be payed
The promised land will never be saved
The curse of curses fire on the land
Today Tatanka has made a stand
Their forefathers dreams, hopes and vision
Through children's eyes, has it been forgiven?
Tatanka comes, stand and deliver
The souls of the brave lie on forever
The tale of tears is a tale of courage
Tatanka comes from across the river
Le Lakota tolowan yelo
Channi tatanka oyate ki
Icic' upi nahan taku un
Umnipi nahan unkotipi kte k'un
Lepa unk' upelo
Wasicu ki ahi nahan
Wicakasota pi tka

Tatanka tawowakan ki lena
Hecenanhgluhapelo
This is a song for the Lakota
Long time ago the buffalo nation gave themselves
So we can survive and have shelter
The white man came and wiped them out
But we still have the spirit, the power of the buffalo
Tatanka comes, stand and deliver
The souls of the brave live forever
The trail of tears is a tale of courage
Tatanka comes, Tatanka comes
