We

Joy Williams

She's independent and beautiful
wish i could be like her
she's got the girls and the boys
so wrapped around her finger
rumor is shes some kind of dream
Nobody knows she cries herself to sleep

(chorus) We
are not that different from eachother
We
Just want somebody to discover
who we really are when we drop our guard
That love has got to start with you and me
we

He's on the top of the social scene
he's stylish, cool, and clever
He's got a cool attitude that screams
he's got it all together
You'd think he's addicted to himself
But he wishes he could be someone else

(chorus) We
are not that different from eachother
We
Just want somebody to discover
who we really are when we drop our guard
That love has got to start with you and me
we

We
gotta come together
Oh, you know you never have to be alone
You got a hand to hold.

(chorus) We
are not that different from eachother
We
Just want somebody to discover
who we really are when we drop our guard

That love has got to start with you and me
we
oh oh, we
we, you and me (eee)
We gotta come together.
