

# Killing the Incessant

## Meat Wave

                  Synthetic  
                  Try to get it  
                  I don't need it  
                  All fear  
Is to be nurtured like a child  
                  & all shame  
Is to be crystallized  
                  Incessant  
                  Tried to see it  
                  Ended eaten  
Though now fear couldn't blanket me  
                  No hand  
                  Discriminates the other  
                  Here's to killing  
                  The incessant  
                  I don't need it  
                  Here's to killing  
The incessant is defeated  
                  The incessant
