

# Do You Remember

**Robi Draco Rosa**

Forget the world, the world is a dream  
I only live when youre into me  
You are my soul  
God only knows I cant let you goDo you belong?  
Do we belong to one another?  
You stay into my soul  
Our days forever  
Do you remember?Youre my woman  
And youre my lady  
Someday well be falling in love againDont let us crash, lay close to me  
Keep out the thoughts, just try to breath  
Stay in my skin to my last dying day  
I cant let you goDo you belong?  
Do we belong to one another?  
You stay into my soul  
Our days foreverYoure my woman  
And youre my lady  
Someday well be falling in love again  
Hey, Ill be falling, falling, falling for you  
And you, you be falling for meDo you remember?  
Do you remember?  
You stay into my soul  
Our days foreverYoure my woman  
Yes, youre my lady  
Someday well be falling in love again  
Hey, Ill be falling, falling for you  
And you be falling for meI remember  
Do you remember love?  
Why do I feel like Im loosing my mind?  
Why do I feel like Im caught?
