

# Can I Live

## Black Rob

Uh yeah, yeah, what what, yeah yeah, yeah, what, yeah, what  
Yo, yo, yo, yo, yoYo, this is a monopoly, niggaz ain't stoppin' me  
And we can't lose 'cuz Puff set us up properly  
Just won't settle for lesser, who wanna test us  
We be in the 5 with the goose headrests  
L.O.X. put niggaz under pressure  
You shoulda knew that, it's always them new cats that'll get ya  
Better start lookin' at things from my angleI'm trying to be up on the board with a triangle  
Next to my name with a 10 or a 20  
Now that's when you really can say you gettin' money  
But right now all I do is sit back and listen  
To a wise young man who quickly became a rich one  
Put me up on the fact that it ain't hard to get some  
Chips if I just keep writing with ambitionThen I get an advance from the 5 to the 6 and  
House with 2 kitchens, diamonds, plenty women  
Built-in pool to swim in  
But the plan is to start from the floor, and raise it up  
Then you hit 'em in the head 'til your days is up  
You blazin' what, playboy you frail and butt  
You know when Bad Boy drops, all your sales is cutCan I live, no one man can stop me  
Can I live, no front-line can block me  
Can I live, it's enough base for all of us  
Can I live, without the names they calling usCan I live, no one man can stop me  
Can I live, no front-line can block me  
Can I live, or do I gatta bring it to these kids  
Can I live, if I don't live nobody livesTime is money, money is power so I'm sour  
22 feelin' like I've wasted every hour  
Of my life, shoulda been had a million in ice  
High as a kite, feeling the flight  
Turbulence, once in a blue moon I had a dream of fly shit  
Hanglide to the Alps with this fly chick  
Condo in Fresno with the lesboAnd the honey that she hit know how to stretch blow  
They know that I'm Styles they respect the flow  
Why don't y'all let a nigga live and help him make a decimal  
Truth will set you free what will a lie do  
Niggaz say I'm God but I be gettin' high too  
Can't love the money like the niggaz beside you  
'Cuz when the paper gone, you gon' slide tooNiggaz wanna ball, but got to fall to rise  
While the world spins around they wanna stall they eyes

Close they ears my nose makes me oppose my fear  
    'Cuz I can smell hell  
    Before I sell rat I'll catch a shell farewell  
    Niggaz will never tell, their man that I was pussy  
Unless they got a gun, and I ain't got one, I might let you push me  
    Can I live, no one man can stop me  
    Can I live, no front-line can block me  
    Can I live, it's enough base for all of us  
Can I live, without the names they calling us  
    Can I live, no one man can stop me  
    Can I live, no front-line can block me  
    Can I live, or do I gatta bring it to these kids  
Can I live, if I don't live nobody lives  
I pray to God to promise me, before I see the pearly gates  
To let my whole team be straight, mansion no Section 8  
    Puttin' pressure so that I can make this bed  
    Got 2 mattresses now all I need is the spread  
    With like 4 pillows so my seeds can rest their heads  
    You think platinum is enough, nah Sheek want more  
    Tryin' to sell more than Tickle me Elmo in the store  
    Italian cuisine, Linguin. while my diamonds like shing  
So when I move at night-time you might think it's lightning  
Just throw me the ball once and I'll tell you no lie  
    Shiek gonna show you money, like Jerry McGuire  
    It's a thug thing, L.O.X. product thing, conducting  
    Anything for chips while you sit and blab your lips  
    In the restaurant taking tips while Sheek on trips  
    Logos on our ships bustin' at the eclipse  
    While I'm pissy, spittin' up Crissy in the water  
But you can do that for money, when 100's like a quarter  
Can I live, no one man can stop me  
    Can I live, no front-line can block me  
    Can I live, it's enough base for all of us  
Can I live, without the names they calling us  
Can I live, no one man can stop me  
    Can I live, no front-line can block me  
    Can I live, or do I gatta bring it to these kids  
Can I live, if I don't live nobody lives  
This is to my AK tollas, money bill foldas  
    Bambin soldiers, whips wit' big motors  
    On the low for years, the Feds can't decode us  
    We bust rounds, all you gotta do is load us  
My night time prowlers, and grimmey after hours  
    Karl Kani, Mumalo wear, Eddie Bauers  
    Flippin cake niggaz, who strip and take niggaz  
    Upstate niggaz, my Crystal Lake niggaz  
We gonna hold it down if we gotta shake niggaz  
And make niggaz do what we say, or break niggaz  
    Survival of the fitist, it ain't me 'cuz I did it  
    Now you see me shinnin 2 mill with my diamonds  
    And I owe it all to heart grimmin  
Don't mean I'm gonna stop climbin', 9-9, it's good timin'  
    I salute my thugs, who rock

With the drugz and switch gunz, and pay 30 thou for the slum  
Make it happen, I swear to God if I don't make it rappin'  
I'm clappin', extortin', and robbin' niggz cribs and contactin'  
Can I liveCan I live, no one man can stop me  
Can I live, no front-line can block me  
Can I live, or do I gatta bring it to these kids  
Can I live, if I don't live nobody livesCan I live, no one man can stop me  
Can I live, no front-line can block me  
Can I live, its enough base for all of us  
Can I live, without the names they calling us
