

# The Con

## Tegan and Sara

I listened in, yes, I'm guilty of this you should know this  
I broke down and wrote you back before you had a chance to  
Forget forgotten, I am moving past this giving notice  
I have to go, yes, I know the feeling, know you're leaving  
Calm down, I'm calling you to say  
I'm capsized staring on the edge of safe  
Calm down, I'm calling back to say  
I'm home now, I'm coming around  
I'm coming around  
Well, nobody likes to  
But I really like to cry  
Nobody likes me, maybe if I cry  
Spelled out your name and list the reasons  
Faint of heart don't call me back  
I imagine you and I was distant, non-existent  
I followed suit and laid out on my back  
Imagine that  
A million hours left to think of you and think of that  
Calm down, I'm calling you to say  
I'm capsized staring on the edge of safe  
Calm down, I'm calling back to say  
I'm home now, I'm coming around  
I'm coming around  
Well, nobody likes to  
But I really like to cry  
Nobody likes me, maybe if I cry  
Encircle me, I need to be taken down  
Encircle me, I need to be taken down  
Encircle me, I need to be taken down  
Encircle me, I need to be taken down  
Well nobody likes to  
But I really like to cry  
Well nobody likes me, maybe if I cry  
Nobody, nobody, nobody, nobody, nobody  
Nobody, nobody, nobody, nobody  
Encircle me, I need to be taken down  
Encircle me, I need to be taken down  
Encircle me, I need to be taken down
