

Return of the Roughnecks

The Chameleons

Up and down
These days are up and down
They call it elevated living
A faster future for a faster breed
Unforgiving, unfulfilling
Though the spirit's willing
But the mind is weak
I had an empty education
I want to speak
But when I try to speak
It doesn't help the situation
And some they fly while others fall
And some they walk while others crawl
It stops them feeling small
That's all

Shake your hand
They'll always shake your hand
Without a moment's hesitation
Burning bridges
And snapping strands
That support a generation
You want to climb
But when you try to climb
You see the ladder getting shorter
You want to drink
But when you try to drink
There's someone pissing in the water
Well, the soul is something they can buy
So softly, softly step inside
Says the spider to the fly
Nice try

And every day you're crucified
If you can't look them in the eye
Smile and wave goodbye
Nice try

Vices

Vices embraced in times of crisis
Sweet vices embraced in times of crisis
That's all

That's all

That's all
