Let It Go

Clinton Sparks

"Get familiar!"
"Hold on there, hey you! Wait a minute"
Clinton Clinton Clinton Clinton Sparks
"Hold on there, hey you! Wait a minute"

[Nature]
It's nothin' new, I started with Steve Stoute
'Round the same time B.I.G. first put Cease out

[N.O.R.E]
Same thing, but I started with Penalty
"L.A., L.A." the West coast was the enemy

[Nature]
But we still found a way to link up with Dre

[N.O.R.E]
And recorded The Firm album, out in L.A.
Now that shit squashed

[Nature]
Got guns in the strip bars

[N.O.R.]
Stay on rims faster than you get your shit squashed

[Nature]
why'all lil' niggas ain't cut like that

[N.O.R.E]
You niggas move out the hood then you move right back

[Nature]
And get surprised when we move like crack and amphetamines
No more chocolate, smokin' on the better greens

[N.O.R.E]
Yeah, from Flint Michigan to Pensacola Florida
Got a shorty borrow her, and I bail horror

[Nature]
Yeah, wind and rain like back to back hurricanes

[N.O.R.E]
Ivan and Francis, feelin' like it's hurra same

[Chorus: x8]
Load it, cock it, aim it, let it go

[N.O.R.E]
Funk I had to smash I'ma smash back
I got a elevator in the crib, cause I got a bad back

[Nature]
Yeah, yeah, yeah, premier after scared as "Fear Factor"
Niggas cannot see me clearly with glasses

[N.O.R.E]
Ha, so you niggas moved back from the boss
that that, that, that's when you're lost!

[Nature]
Check his medical reports and the dental files

[N.O.R.E]
All you need is one-two for a simple smile

[Nature]
I've got a shorty givin' brains so I'm always gon' brain her

[N.O.R.E]
And man I'm gettin' fat I'm 'bout to hire me a trainer

[Nature]
Fuck a low carb

[N.O.R.E]
Cause now I'm like pro-God
Fuck a diet nigga cause I'd rather get a blow job

[Nature]
I got a gun but don't need to use it
Fuckin' up the world like Serena losin'

[N.O.R.E]

Load it, cock it, aim it, let it go

[Chorus]
