Life Goes Around

Courtney Pine

I see your faded passing natures of many talking in rhyme
The image captures two brothers in combat â€¦â€¦ time
I know you think that it means nothing necessary to change
Although deep inside your heart, you know I am right
The clock has said thereâ€™s still time for you to change

What goes around comes around
But I ainâ€™t got the time to prove it
What goes around comes around
But I ainâ€™t got the time to prove it, no

I heard a mother cry â€œoh saviour, please hear my pleaâ€•
Why does the children feed on anger
Cause when theyâ€™re born theyâ€™re tender and me
I know that you think that I canâ€™t tell you how to change your ways
So search deep into your heart, youâ€™ll see I am right
The clock has said thereâ€™s still time for you to change

Oh, what goes around comes around
But I ainâ€™t got the time to prove it
What goes around comes around
But I ainâ€™t got the time to prove it

I know that you think that it means nothing necessary to change
So search deep into your heart, you know I am right
The clock has said thereâ€™s still time for you to change

Oh, what goes around comes around
But I ainâ€™t got the time to prove it
What goes around comes around
But I ainâ€™t got the time to prove it, no
What goes aroundâ€¦
But I ainâ€™t got the time to prove
