

In an Instant

Corey Cyr

From the second we met
I didn't know what to do
I knew it right then babe
That I was in love with you. From the light of the moon
I can see your face
And I'm hoping that soon babe
We can have our own place That house on the hill
That place we will live
Our time we can kill babe
Our love we can give Living life with you
Seems like the easiest thing
You make my everyday babe
You make my heart sing. I'm with you forever
And forever more
And I could never
Explain my love in words Behind the mountains
I can see the sunrise
It relieves the pain babe
That I see in your eyes Baby please come back
Just come back to me
You're the one that I want babe
You're the one that I need I feel I'm going crazy
Being so far from you
You're the one that I want babe
I'm in love with you.
