

Lies (feat. Krystal Melody)

MC MAGIC

Advisory - the following lyrics contain explicit language:

Why would you lie to me?
After all that we've been through,
After the love that I gave you,
I just need you to trust meBridge:
How could i trust you
how do I move on
When all you do is tell your lies,
your killin me inside.
Why would I take you back
so many sleepless nights

we had a good thing but you threw it all awayVerse 1:
They say you dont know what you got until its all gone

I wish I never had to sit down and write this song
But baby girl, if I could turn back the hands of time
if I could press rewind, live it one more time

I wouldnt do the things i did,
I take back what I said,
I never break a promise
if you take me back again.

Everyone deserves a second chance and this is it,
so reach inside your heart and be compassionate girl,
did you forget the way we use to love each other,
the way you told me that you could never love another
damn, its like im beggin just to stay alive,
I love you girl and I need you by my sideChorus:

You could tell your lies
I dont really care what you feel inside
all you ever did was make me cry
maybe one day you'll realize

that you had a good girl in your lifeI dont really care what you feel inside
all you ever did was make me cry
maybe one day you'll realize

that you had a good girl in your lifeIntrlude:

I know you really dont mean the things

you sayin right now

baby (c'mon girl)

see all I need is one more chance

to show you that I never gonna do you wrong again

please girl c'monChorus 2:

I still remember promises of making it together

forgive and forget

we can still be forever

the key to my happiness,

my life is in your hands,

I'll do whatever just to kiss your lips again.

Come close to me girl,

so you can feel what im sayin

Im serious and I cant take it,

no more playin.

Today is the first day of the rest of my life,

I wanna spend every moment with you

makin it right and

I know that maybe this can take a long time and

I know that its always in the back of your mind but

I know that you deserve the stars in the sky

so if you give me one last chance

I'm never making you cryChorus

You could tell your lies

I dont really care what you feel inside

all you ever did was make me cry

maybe one day you'll realize

that you had a good girl in your lifeI dont really care what you feel inside

all you ever did was make me cry

maybe one day you'll realize

that you had a good girl in your lifeBridge

How could i trust you

how do I move on

When all you do is tell your lies,

and killin me inside.

Why would I take you back

so many sleepless nights

we had a good thing but you threw it all away
