Can We Be Serious

Joe Stilgoe

You say Iâ€™m just a clown
First up to fool around
Youâ€™ve thrown the gauntlet down to me
Can we be serious?

Iâ€™ll prove Iâ€™m not a fake
Long as thereâ€™s give and take
We both can have our cake you see
Cause darling

If you want delirious
Letâ€™s forget mysterious
Can we be serious please?

Let's drop the old routine
New act new sets new scene
Better we both come clean so please
Can we be serious?

Weâ€™ll frown where once we smiled
Drown out the inner child
All the shoes reconciled with these
So if you

Show me all sincerious
Iâ€™m your darling drearious
Can we be serious please?

The bar is now deserted
The punchline lost its sting
Now weâ€™re talking seriously
And thatâ€™s the funny thing
Knock knock, youâ€™ll have to ring

I'll fix it out of stroke
If you just go for broke
No this not a joke or tease
And thought it

May not be miraculous

It can be spectaculous
Can we be serious please?

Oh can we be serious?
Can we just be serious?
Can we be serious please?
