

All the Way to Me

Dierks Bentley

Somethin' 'bout George Jones on the headphones
Truth through a microphone
Livin' on, and on, and on, in a melody
Somethin' 'bout starlight on Kansas
The way a wheat field dances
Fence posts as far as the eye can see
Just gets all the way to me
Just gets all the way to me
Somethin' 'bout a sound of crackin' bottle tops
Makes troubles fade and time stop
Holding that cold somehow sets you free
Or thinkin' back to who I was
Saving up for that used truck
Her Levis laying on my Chevy seat
Just gets all the way to me
Just gets all the way to me
CHORUS:
It ain't like smoke, gets in your clothes
No, it cuts through my skin and digs in way down deep
Soaks in like rain, burns like a flame
Takes a hold of my soul underneath
Just gets all the way to me
Just gets all the way to me
Somethin' 'bout a drawer full of yesterdays
A hand-me-down knife and a last name
And a shoebox full of roots from a family tree
Somethin' 'bout me and her and how our love
Turned into brown eyes looking up
The sound of hardwood floors on little feet
Just gets all the way to me
REPEAT CHORUS
Somethin' 'bout the wooden cross
Forgiven sins, no love lost
The gratitude I find on bended knee
Just gets all the way to me (X7)
All the way to me
