Chasing the First Time

Three Days Grace

All the key bump medals
All the suicide pills
Take the dose he swears by
Multiply ten times
From the bathroom stalls
Through the hotel walls
Watch the faded ladies
Unsane key listAnd we're doing it til we die
(Doing it til we die)Chasing the first time, the first time
Anything to get to where we were
Like the first time, like the first time
And we're doing it til we die
Chasing the first time
All the smoke and mirrors
Can't quite calm the fear
Cause the past, it hurts yeah
You medicate the futureAnd we're doing it til we die
(Doing it til we die)Chasing the first time, the first time
Anything to get to where we were
Like the first time, like the first time
And we're doing it til we die
Chasing the first time, the first time
Anything to get to where we were
Like the first time, like the first time
And we're doing it til we die
Chasing the first time
Nothing lasts forever, no
All we are is temporary
Nothing lasts forever, no
All we are is temporary
Spend our lives searching for
That once in a lifetimeAnd we're doing it til we dieChasing the first time, the first time
Anything to get to where we were
Like the first time, like the first time
And we're doing it til we die
Chasing the first time, the first time
Anything to get to where we were
Like the first time, like the first time
And we're doing it til we die

Chasing the first time
