ESP

Matmos

Do you believe in ESP
I do and I'm try'n'a get through to you
If you're picking up off me
Then you know just what to do

Think
Brainwaves transmitted from my mind
Of a magnetic kind
I don't know what to do
If I can't get through to you

So think
Do you believe in ESP
I've been try'n'a get through to you
If you've been picking up off me
Then you'll know just what to do
Don't you
