I Was Never Here

Gazpacho

And she just walked away
With nothing else to say
Like I was never here
She said her last goodbye
And kept her tears inside
As if I was never here
And she just looks the same
Like any other day
You wouldn't even know
You couldn't even tell
That I was ever here
I can't say that I'm the same
But I don't think she's fazed
Like I was never here
While I can't sleep a wink
She hasn't missed a beat
Like I was never there
When I was what she needed the most
And she was feeling all alone
Those days and memories
Have seemed to have come and gone
As if I was never here
And she just seems the same
Like nothing ever changed
And I'm still standing here
With some much left to say
But she just walked away
Like I was never here
