Absurd (Landslide Mix)

Fluke

King kong, in cannes, on a date with spiderman,
dan dare's sitting there, scared by the killerteddy bears,
down town, mini mouse is slippin micky's in the famous grouse,
while big bird spreads the word,
anybody with a heart votes love.judge dredd, found dead, face down in snoopy's bed,
outside, tweetie pie's, getting itchy on more supplies,
meanwhile, snow white getting ready for work tonight,
turning tricks with crystal tips,
trying to make the best of its absurd.puppy dogs and pussy cats in suspect suicide attacks,
captain kirk from planet earth, fights it out with papa smurf,
some phony little ponies, preying on the old and lonely,
making friends, robbing them, the x men taught them everything.
betty boop, tired of life, took vows, became a bride of christ,
while tin tin's been playing him at caesar's palace live on ice,
babar kumbayahs with the mighty morphin' movie stars,
as big bird spreads the word,
anybody with a heart votes Love
