

# How Many Times

## Wolfmother

How many times I find myself wandering  
How many times I slip away  
How many times I find another wayHow many times I find myself wandering  
How many times down this road  
How many times I find it's time to goSo many times I'll never know  
So many times you got to let it flow  
So many times I guess you'll never know  
So many times you got to let it show  
How many times I find myself wandering  
How many times down this road  
How many times I find it's time to go
