

# Take Her to the Moon

## Waterparks

Find you, keep you  
Don't need the air between our lips, no  
Hide and seek through  
100 "should've walked away"s  
To find you, keep you  
I'm a double dare away from dropping  
Everything to fly out and see youMirror, mirror, on the wall  
Show me everything I want  
Because I want it allI wanna make my way into your kiss  
I wanna live inside your mind  
Next to your favorite songs  
I won't slow my pace until your walkway  
I wanna lose my mood inside a late night phone call with you  
Feeling my love moodI kind of see you  
When I climb into my mind  
That's where I keep you  
And lately where I waste my timeMirror, mirror, on the wall  
Show me everything I want  
Because I want you nowI wanna make my way into your kiss  
I wanna live inside your mind  
Next to your favorite songs  
I won't slow my pace until your walkway  
I wanna lose my mood inside a late night phone call with youFeeling my love mood  
Yeah, you cloud my  
Yeah, you cloud my head  
But I can't stay lost forever  
Yeah, you cloud my  
Yeah, you cloud my head  
But can you really get lost in heaven?Can you really get lost in heaven?I wanna make my way into your kiss  
I wanna live inside your mind  
Next to your favorite songs  
I won't slow my pace until your walkway  
I wanna lose my mood inside a late night phone call with you
