"LEAN INTO IT"

by Joe Thomas

o oho

o oho

o oho

Twelve weeks we been in this thing
What's stoppin us both from movin full Steam ahead
I know we both want the best
Let go it not that hard
Lookin for a reason to fail before we start
Don't let it tear us apart

Maybe we can get a little reckless
Take some chances til we perfect this
All we gotta do is lean,lean,lean,
Lean into it
Gimme all that you got now
And baby I'll, baby I'll, I'll give you all of me
Just lean,lean,lean,lean into it
We will both we will shut it down
Don't shut it down
Baby if you don't believe
Just lean

We brought some baggage in with both of us
With this baggage ain't no room to trust
If we gon win
We gotta in
Believe me that's the only way
Let's do like we already know
Never had a love like this before
Put your heart into it
Your all into it oooo

Maybe we can get a little reckless (whew)
Take some chances til we perfect this
All we gotta do is lean,lean,
Lean into it

Give me,Gimme all that you got now
And baby I'll,and I'll give you all of me
Just lean,lean,lean,lean into it
We will both we will shut it down
Don't shut it down
Baby if you don't believe
Just lean

Lets take some chances
Change our circumstances
Will find true love finally

Aaaa yoo lean,lean,lean, lean into it
Gimme all that you got now
And baby I'll, I'll give you all of me
Just lean,lean,lean,lean into it
We will both we will shut it down
Don't shut it down
Baby if you don't believe
Just lean

Lean,lean into it
Gimme all that you got now
And baby I'll, I'll give you all of me
Just lean,lean into it
We will both we will shut it down
Don't shut it down
Baby if you don't believe
Just lean
