

# Original Sin (feat. Rob Thomas & DJ Yaleidys)

## INXS

You might know of the original sin  
You might know how to play with fire  
But did you know of the murder committed  
In the name of love you thought what a pity Dream on white boy (white boy)  
Dream on black girl (black girl)  
Then wake up to a brand new day  
To find your dreams are washed away There was a time when I did not care  
And there was a time when the facts did stand  
There is a dream and held by me  
Well I'm sure you had to see it's up in arms Dream on white boy (white boy)  
Dream on black girl (black girl)  
Then wake up to a brand new day  
Dream on white boy (white boy)  
Dream on black girl (black girl)  
Then wake up to a brand new day  
To find your dreams have washed away Dream on black boy (black boy)  
Dream on white girl (white girl)  
Then wake up to a brand new day  
To find your dreams have washed away Dream on, to play with fire  
White boy, black girl  
Dream on, in the name of love  
Black boy, white girl  
Dream on white boy, black girl  
Black boy, white girl Dream on  
The name of love, yeah  
You thought what a pity  
Original sin
