

Wake Me Up Before You Go-Go

Benjamin Herd

Jitterbug

Jitterbug

Jitterbug

Jitterbug

You put the boom boom into my heart

You send my soul sky high when your lovin' starts

Jitterbug into my brain

Goes bang bang bang till my feet do the same

But something's bugging me, something ain't right

My best friend told me what you did last night

Left me sleeping in my bed

I was dreaming but I should've been with you instead

Wake me up before you go go

Don't leave me hanging on like a yo-yo

Wake me up before you go go

I don't wanna miss it when you hit that high

Wake me up before you go go

'Cause I'm not planning on going solo

Wake me up before you go go

Take me dancing tonite

I wanna hit that high, yeah yeah

You get the gray skies outta my way

You make the sun shine brighter than Doris Day

Turn a bright spark into a flame

My beats per minute never been the same

'Cause you're my lady, I'm your fool

Makes me crazy when you act so cruel

Come on baby, let's not fight

We'll go dancing and everything will be alright

Wake me up before you go go

Don't leave me hanging on like a yo-yo

Wake me up before you go go

I don't wanna miss it when you hit that high

Wake me up before you go go

'Cause I'm not planning on going solo

Wake me up before you go go

Take me dancing tonite

I wanna hit that high, yeah yeah yeah baby

Jitterbug

Jitterbug

Cuddle up baby, move in tight
We'll go dancing tomorrow night
It's cold out there but it's warm in bed
They can dance, we'll stay home instead

Jitterbug

Wake me up before you go go
Don't leave me hanging on like a yo-yo
Wake me up before you go go
I don't wanna miss it when you hit that high
Wake me up before you go go
'Cause I'm not planning on going solo
Wake me up before you go go
Take me dancing tonite
Wake me up before you go go
Don't leave me hanging on like a yo-yo
Wake me up before you go go
I don't wanna miss it when you hit that high
Wake me up before you go go
'Cause I'm not planning on going solo
Wake me up before you go go
Take me dancing tonite
Yeah
