

The Big Man's Back

[Montell Jordan](#)

The big mans back in town
To all you haters and all clowns
All my women let's get down
'Cause the big mans back in townThe big mans back in town
To all you haters and all clowns
All my women let's get down
'Cause the big mans back in townThe big mans back
Beats is so sick
You waiting and debating
Getting impatientWhile singers so wood and
Singers go plastic
You put me on the shelf
And I still make classicAh, the tell dont stop, tight leash on your girl
'Cause shes eying my drop
R and B scrub but I am still standing
Praying for you cats having rocky landingsThe big mans back in town
To all you haters and all clowns
All my women let's get down
'Cause the big mans back in townThe big mans back in town
To all you haters and all clowns
All my women let's get down
'Cause the big mans back in townThe big mans back in town
To all you haters and all clowns
All my women let's get down
'Cause the big mans back in townThe big mans back in town
To all you haters and all clowns
All my women let's get down
'Cause the big mans back in town
