Caught in a Web

Epica

Silence disguised, I watch you
Show me the hurt that haunts you
Would you despise the thrill
If all you hide were mine?I can't hold on any longer
These feelings keep growing stronger
Echoes that deafen the mind
Will bury my voice in their wakeCaught in a web
Removed from the world
Hanging on by a thread
Spinning the lies, devised in my headI've seen the path, the one you take
Shows the truth for you to make
This turn of phrase, we might not see
Is the thirst of desire found so easilyTry to push me 'round, the world some more
And make me live in fear
I bare all that I am, made of now, attractive I don't care
'Cause even when I danced with life, no one was there to shareDoes this voice the wounds of your soul?
Does this voice the wounds of your soul?Caught in a web
Removed from the world
Hanging on by a thread
Spinning the lies, devised in my headTried to live the life, you live and saw
It doesn't work for me
I bare all that I am, made of now, attractive, I can't be
Inside the dance of life is one, I'll never hold to meYou can't heal the wounds of my soul
You can't heal the wounds of my soulCaught in a web
Removed from the world
Hanging on by a thread
Spinning the lies, devised in my headCaught in a web
Refused by the world
Hanging on by a thread
Spinning a cage, denied and misread
