

# Caught in a Web

## Epica

Silence disguised, I watch you  
Show me the hurt that haunts you  
Would you despise the thrill  
If all you hide were mine? I can't hold on any longer  
These feelings keep growing stronger  
Echoes that deafen the mind  
Will bury my voice in their wake Caught in a web  
Removed from the world  
Hanging on by a thread  
Spinning the lies, devised in my head I've seen the path, the one you take  
Shows the truth for you to make  
This turn of phrase, we might not see  
Is the thirst of desire found so easily Try to push me 'round, the world some more  
And make me live in fear  
I bare all that I am, made of now, attractive I don't care  
'Cause even when I danced with life, no one was there to share Does this voice the wounds of your soul?  
Does this voice the wounds of your soul? Caught in a web  
Removed from the world  
Hanging on by a thread  
Spinning the lies, devised in my head Tried to live the life, you live and saw  
It doesn't work for me  
I bare all that I am, made of now, attractive, I can't be  
Inside the dance of life is one, I'll never hold to me You can't heal the wounds of my soul  
You can't heal the wounds of my soul Caught in a web  
Removed from the world  
Hanging on by a thread  
Spinning the lies, devised in my head Caught in a web  
Refused by the world  
Hanging on by a thread  
Spinning a cage, denied and misread
