I Miss You

Schiller

I miss you - where are you now
I miss you - where have you gone
I miss you - waiting my hole life for you
I miss you - but I never met you yetI miss you - I believe in dreams
I miss you - I believe in you
I miss you - wouldn't even recognize
I miss you - but I never met you yetI miss you - I believe in dreams
I miss you - I believe in you
I miss you - wouldn't even recognize
I miss you - but I never met you yet
