

# Corrupted World

## One Way System

Lost in a world of corruption  
you're gonna fight to try and win  
with all this corruption  
it's pretty hard to win it's a corrupted world  
it's a messed up world  
it's a corrupted world  
a troubled world  
[x2]Lost in a world of violence  
don't understand a thing  
we don't need all this violence  
'cos it can't help us win it's a corrupted world  
it's a messed up world  
it's a corrupted world  
a troubled world  
[x2]
