

Song for Children

Brian Wilson

One, maybe not one
Maybe you too
Are wonderin'
Wonderin' who
Wonderful you
Are wonderin' Child, child, child
The child, the child
Father of the sun
Child, child, the child, the child Where is the father?
(Father of the sun)
Father of the child
Where is the father?
(Child, child, the child, the child)
Where is the wonderful me?
(Father of the child)
Wonderful you Though I know I'm wont to wondering
Nevermind wonderful you
I can stop from wondering never you mind wonderful
you Child, child, child
The child, the child
Father of the sun
Child, child, the child, the child Child, child, child
The child, the child
Father of the sun
Child, child, the child, the child
