Gather Round

Band of Merrymakers

The air is full of
Joy and laughter
Friends are knockin'
at the door
Kindling crackin'
On the fire
Who could ever ask for moreOh there's christmas trees
And christmas lights
Warming up December nights
Ohhhh
Come join the crowdGather round
Gather round
All that matters
Is the love
We're feeling now
Gather round
Gather round
Cause were all in this together
Gather roundSo the year
has brought it's sadness
For every loss
For every tear
Hold on tight until it passes
New beginnings
and New YearsOh they're caroling
A christmas song
you know by heart
So sing along
Ohhhh
So come join the crowdGather round
Gather round
All that matters
is the love
we're feeling now
Gather round
Gather round
Cause were all in this together
Gather roundCome gather round
Come gather round

Come gather round
Come gather round
Come gather round
Come gather round
Hey
