Where Did We Go Wrong

B2K

Yeah platinum status B2K
Dave Mac we gone bump your speakers with this one
Yeah, uh, y'all know who this is it's B2K
Check it out, I wanna tell ya'll about this girl
I don't think she had it all
'Cause she had it all with me, but she left
Now she's gotta nothin'
And if you still don't understand
Raz talk to them, let them knowYou was always trippin'
For no reason
As if somethin' was on your mind
Then when I asked you what was wrong
You carried on like we were fine
Then one day you up and leave
Like I forced you not to be with me
You and I both know what's really goin' on?
That's why we broke up over the phoneHey girl
You didn't have to ever leave
You choose
To push yourself away from me
And I know
You want to see jealousy
But I'm not that manCan I ask the question why?
We argue over
Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?Can I ask the question why?
We argue over
Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?I was your man, you were my girl
The relationship lasted to long
For you to just walk out without a sign

Tell me where did we go wrong?
I seat thinking were you ever creepin'
'Cause you shocked so fast you never known
What drove me away from you?
Your the crazy one play dumb, play dumbHey girl
You didn't have to ever leave
You choose
To push yourself away from me
And I know
You want to see jealousy
I'm not that manCan I ask the question why?
We argue over
Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?Can I ask the question why?
We argue over
Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?Hey girl
You didn't have to ever
You choose
To push yourself away from me
And I know
You want to see jealousy
But I'm not that manHey girl
You didn't have to ever
You choose
To push yourself away from me
And I know
You want to see jealousy
I'm not that manCan I ask the question why?
We argue over
Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?Can I ask the question why?
We argue over

Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?Can I ask the question why?
We argue over
Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?Can I ask the question why?
We argue over
Stupid little things
We ain't together
Why can't be friends
Instead of fighting?
Where did we go wrong?
Where did we go wrong?Yo, I need to ask you a question
Why do we always gotta argue when we talk
We not even together anymore
At least we can be friends or somethin'
You actin' all brand new, dang
I don't care about him 'cause I got me a girl too
It don't matter you know what I'm sayin'
We can go on double dates if you want too
I just want to know why you trippin' out on me
You need to fix your attitude
Just cause I ain't your man don't mean I would get in your aa
Yeah, you better understand that I'm still that, uh
You better act like you know you better tell him
'Cause if you don't I will, I run this and I ain't playin', no
