Unstoppable Rush

Robert Dobbs

UNSTOPPABLE RUSH - (ROBERT DOBBS)

Don't think you can stop me now
Cos after all the blood you spilled
They'll be calling your name
No it's not in vain

Through skies and seas I felt incomplete
I'm now unstoppable and my heart runs free
I can felt the end, I can fell the end
And this rush in me says it's happening

Unstoppable rush
I'm unstoppable
I'm waking up
My senses are alive
And I dream, I dream, I dream
Of the unstoppable rush.

Don't think you can crush me now
Cos after all the lives you killed
They'll be calling your name
No it's not a game

Through skies and seas I felt incomplete
I'm now unstoppable and my heart runs free
I can feel the end, I can feel the end
And this rush in me says it's happening

Unstoppable rush
I'm unstoppable
I'm waking up
My senses are alive
And I dream, I dream, I dream
Of the unstoppable rush

Tonight I see this world like never before
I am invincible in this never ending war
They are trying to destroy me

But I have the light, I will survive

Unstoppable rush
I'm unstoppable
Yes I am, Yes I am
I'm waking up
My senses are alive
And I dream, I dream, I dream
Of The Unstoppable rush.

ENJOY
