Atlantis

Whiteriver

Tell me why
Our world split apart and we live this duality
Why I was wrong when I thought weâ€™ve missed some parts?
And since when humanity got lost in each otherâ€™s eyes?
Tell me how we got here

We were given this world,
Rushed after all these dreams we tried to live
Believed in gods whose actions we donâ€™t get
Prayed for solutions and a live after death
Itâ€™s hard to believe
Itâ€™s hard to believe humans canâ€™t think
Itâ€™s hard to remember consequences
And what we did in the past

Canâ€™t find a reason to scream
scream out my lungs in despair of reality
Canâ€™t humans define their way to live or to lie?

Why do I stand apart from this deluded majority?

Itâ€™s hard to believe that humans canâ€™t think
And what we did in the past
Itâ€™s hard to believe that humans canâ€™t think
And all these consequences

Donâ€™t count on meï»¿
