

# Comforter

## Jesu

Did you wish they'd disappear  
And just go to Hell  
Never to return?

Did you wish the sky would open  
and endless rain would come,  
Wash them all away?

It's just like I do.  
It's just like I feel.  
It's just like I hoped.  
It's just like I wished.

It's just like I do.  
It's just like I feel.  
It's just like I hoped.  
It's just like I wished.
