

Antichristian Phenomenon

Behemoth

Been haunted be the paws ov' fear
And felt his breath upon my neck
I was granted with the pain divine
And my voice was heard no more in heavenGreat in power
Thus call'st me Almighty
If not the first Archangel
I shall be the last among theeCome over to seduce your angels
Been born to rape your mother's holy womb
Rebel, so call me now
As I stand above ye allLeave me unworshiped
In the dens below forever I shall dwell
Malice in heart was bred and lives again
My legions hid in south EdenMy flaming passions, oceans ov' love
And all thou call'st the evil
I summon thee bringer ov' war
Bearer ov' light Earth's sonGreat in power
Thus call'st me Almighty
If not the first Archangel
I shall be the last among thee
