Jimmy Was a Stimulator

Scott Weiland

Jimmy was a stimulator
He was a high flying stimulator
Jimmy was an oscillator
He was a high flying oscillator
Jimmy was a masturbator
So he'll call back and see ya later
Jimmy was a regulator
He could regulate a regulatorShe's so fine and I'm killing myself with it
She's so fine and I'm killing myself with itJimmy was a stimulator
He was a high flying stimulator
Jimmy was an emulator
He could stimulate an emulator
Jimmy was a master trainer
He could masturbate a fitness trainer
Jimmy was a regulator
He could regulate a regulatorShe's so fine and I'm killing myself with it
She's so fine and I'm killing myself with it
She's so fine and I'm killing myself with it
She's so fine and I'm killing myself with itWe're going to the place where everything was shown
We're going to the place where everything was shownShe's so fine and I'm killing myself with it
She's so fine and I'm killing myself with it
She's so fine and I'm killing myself with it
She's so fine and I'm killing myself with it
