

That's All That Matters

Mickey Gilley

I know, I'm not your first love
There's been others before me
But I'm the one that's got you now
That's all that matters to meAnd I know other arms have held you
I'm not jealous of these
Mine are thee arms that hold you now
That's all that matters to meI came alive when you came along
You brought life into me
Honey, I don't care, what's in your past
Your as far as I can seeAnd I know other lips have kissed you
I know you've been thrilled and pleased
But mine are the lips that kiss you now
That's all that matters to me
