

Get Loose

Tyga

(Bridge)

Money buy the power, I could buy all the real shit
I aint never been a liar
Walk up to yo bitch, told er Id buy er
Nigga talk shit, I pull out the fire(Verse)
Bitches getting loose, ride through on yo block man
In the drop, hair black, jeans, make a bitch cheap not care
Young Cove in the pop, bills pop, bands
Put a price on yo head, dollar sign,
Die fast, live young nigga
Got mills, aint a dumb nigga
Niggas got choppas like drums going dumb nigga
Take er for the night, night stand then Im done nigga
Then I giver er back like, ha nigga
Im the shit, call the plumber
Im so lit, I dont know my number
Walk up in the club, like whats yo dilemma?
Started taking shots but I am a beginner
Bottles in my both hands bitch
Twerk, we dont slow dance to them slow jams
All my niggas in the club doing the money dance
Big booty clappin to the end, all night goddamn(Bridge)
Money buy the power, I could buy all the real shit
I aint never been a liar
Walk up to yo bitch, told er Id buy er
Nigga talk shit, I pull out the fire(Hook)
Bitch cause Im loose off the goose, goose
Loose off the goose, goose
Loose off the goose, goose
Real shit, I aint never been a liar
Bitches getting loose(Verse)
Loosing up in the backseat
Got killers on the street, bitch life aint a bitch
And his beach house aint cheap, got shooters like the heat
Real motherfuckin Gs, RIP Easy E
I Td up, bitch let a nigga nut
We can shoot realer, just a bang for yo work
Right out niggas rough, its the thuggers ruggers bound
My niggas Rambo, Sylvester Stallone

Gone, got bars, aint gotta roam
If she aint giving dome I guess she gon be walking home
Click clack two heels, turn it, dont make a noise
When Im down south, niggas say Im that boy
Good dawg, good for nothing but the cash
100 on the dash, molly in the stash, fuck a price tag
Smoke til I cant see nothing, call it gas mask
She gon need a white flag when a nigga murder that ass(Bridge)
Money buy the power, I could buy all the real shit
I aint never been a liar
Walk up to yo bitch, told er Id buy er
Nigga talk shit, I pull out the fire(Hook)
Bitch cause Im loose off the goose, goose
Loose off the goose, goose
Loose off the goose, goose
Real shit, I aint never been a liar
Bitches getting looseTurn up, turn up, turn up, turn up
Bitches getting loose
Turn up, turn up, turn up, turn up
Real shit, I aint never been a liar
