Shine

Anna Nalick

Oh the night, makes you a star And it holds you, cold in it's arms You're the one to whom nobody verses "I love you", Unless you say it first So you lie there, holding your breath And it's strange, how soon you forget That you're like stars, They only show up when its dark, Cause they don't know their worth And I think you need to stop following misery's lead Shine away, shine away, shine away Isn't it time you got over How fragile you are? We're all waiting Waiting on your supernova Cause that's who you are And you've only, Begun to shine There are times when, The poets and porn stars align And, you won't know who to believe in, Well that's a good time to be leaving And the past knocks on your door And there's stones at your window At four in the morning Well maybe, he thinks its romantic He's crazy

But you knew that before

And I think you need to stop following misery's lead

Shine away, shine away, shine away

Isn't it time you got over

How fragile you are?

We're all waiting

Waiting on your supernova

Cause that's who you are

And you've only,

Begun to shine

Yeah, you've only begun to shine

Won't you shine, shine, shine over shadow (oh, oh)
Shine, shine, shine over shadow (oh, oh)
Shine, shine, shine over
And I think you need to stop following misery's lead
Shine away, shine away, shine away
Isn't it time you got over
How fragile you are?
We're all waiting
Waiting on your supernova
Cause that's who you are
And you've only,
Begun to shine
Yeah, you've only begun to shine
Yeah, you've only begun to shine
