Valiant

Baterz

There's a special place inside my skull
Where your DNA it codes my cerebrum
In full stuttering and drooling
My shredded throat will try to sing for you

What do you say? Would you marry me today?
The moon would gush all inside out
And my nightmares would go away
What do you say? Would you devote yourself today?
Like riding out a sinking ship as it lowers into the bay
Please stay.

The blood collects and flushes out your cheek bones
I've got this secret garden and you are the only one who knows
I'm stuttering and drooling
My shredded throat will try to sing for you

What do you say? Would you marry me today?
The moon would gush all inside out
And my nightmares would go away
What do you say? Would you devote yourself today?
Like riding out a sinking ship as it lowers into the bay
Please.

I'm cutting ties with all the jealous zombies
I need to feel your warm body on me

When the sun goes down and the shadows grow
Just trust in us and forever know
Please keep holding on to me
