

# A Call From The Other Side

## Gluecifer

Come on and get it while it's here coz it's running out and you're in a rush  
Don't want to get it over there, want to get it here but you ain't the first  
Come on and get it from me - come on and get it fast  
Come on and get it while it's here coz it's fading out and it ain't gonna last  
Hear a call from the other side  
I'll give you one good reason one that's gonna get you high  
I got it sitting at my place waitin for you to call I got  
it sitting here  
Got it ready got it wrapped waitin for your call and I am itching here  
You're like a glass of water and I'll throw  
you on the coals  
You're like a glass of water I'll throw you on my coals  
Hear a call from the other side  
I'll give you one good reason, one to be reckoned, one that's gonna get you high  
Yeah hear a call from the other side  
I'll give you one good reason - one that's gonna get you high  
One good reason - to go out on a limb  
One good reason - to face the void  
One good reason - to leave the rest behind  
I'll give you one good reason  
Hear a call from the other side  
I'll give you one good reason one that's gonna get you high  
I'll give you one good reason, one to be reckoned  
one to get it going it is time to put the rest behind  
I'll give you one good reason to go out on a limb  
to face the void to be looking it right into the eye.  
One good reason
